

Peace Memorial Kiosk - Mock-up B (32"- 07/20/17)

Features:

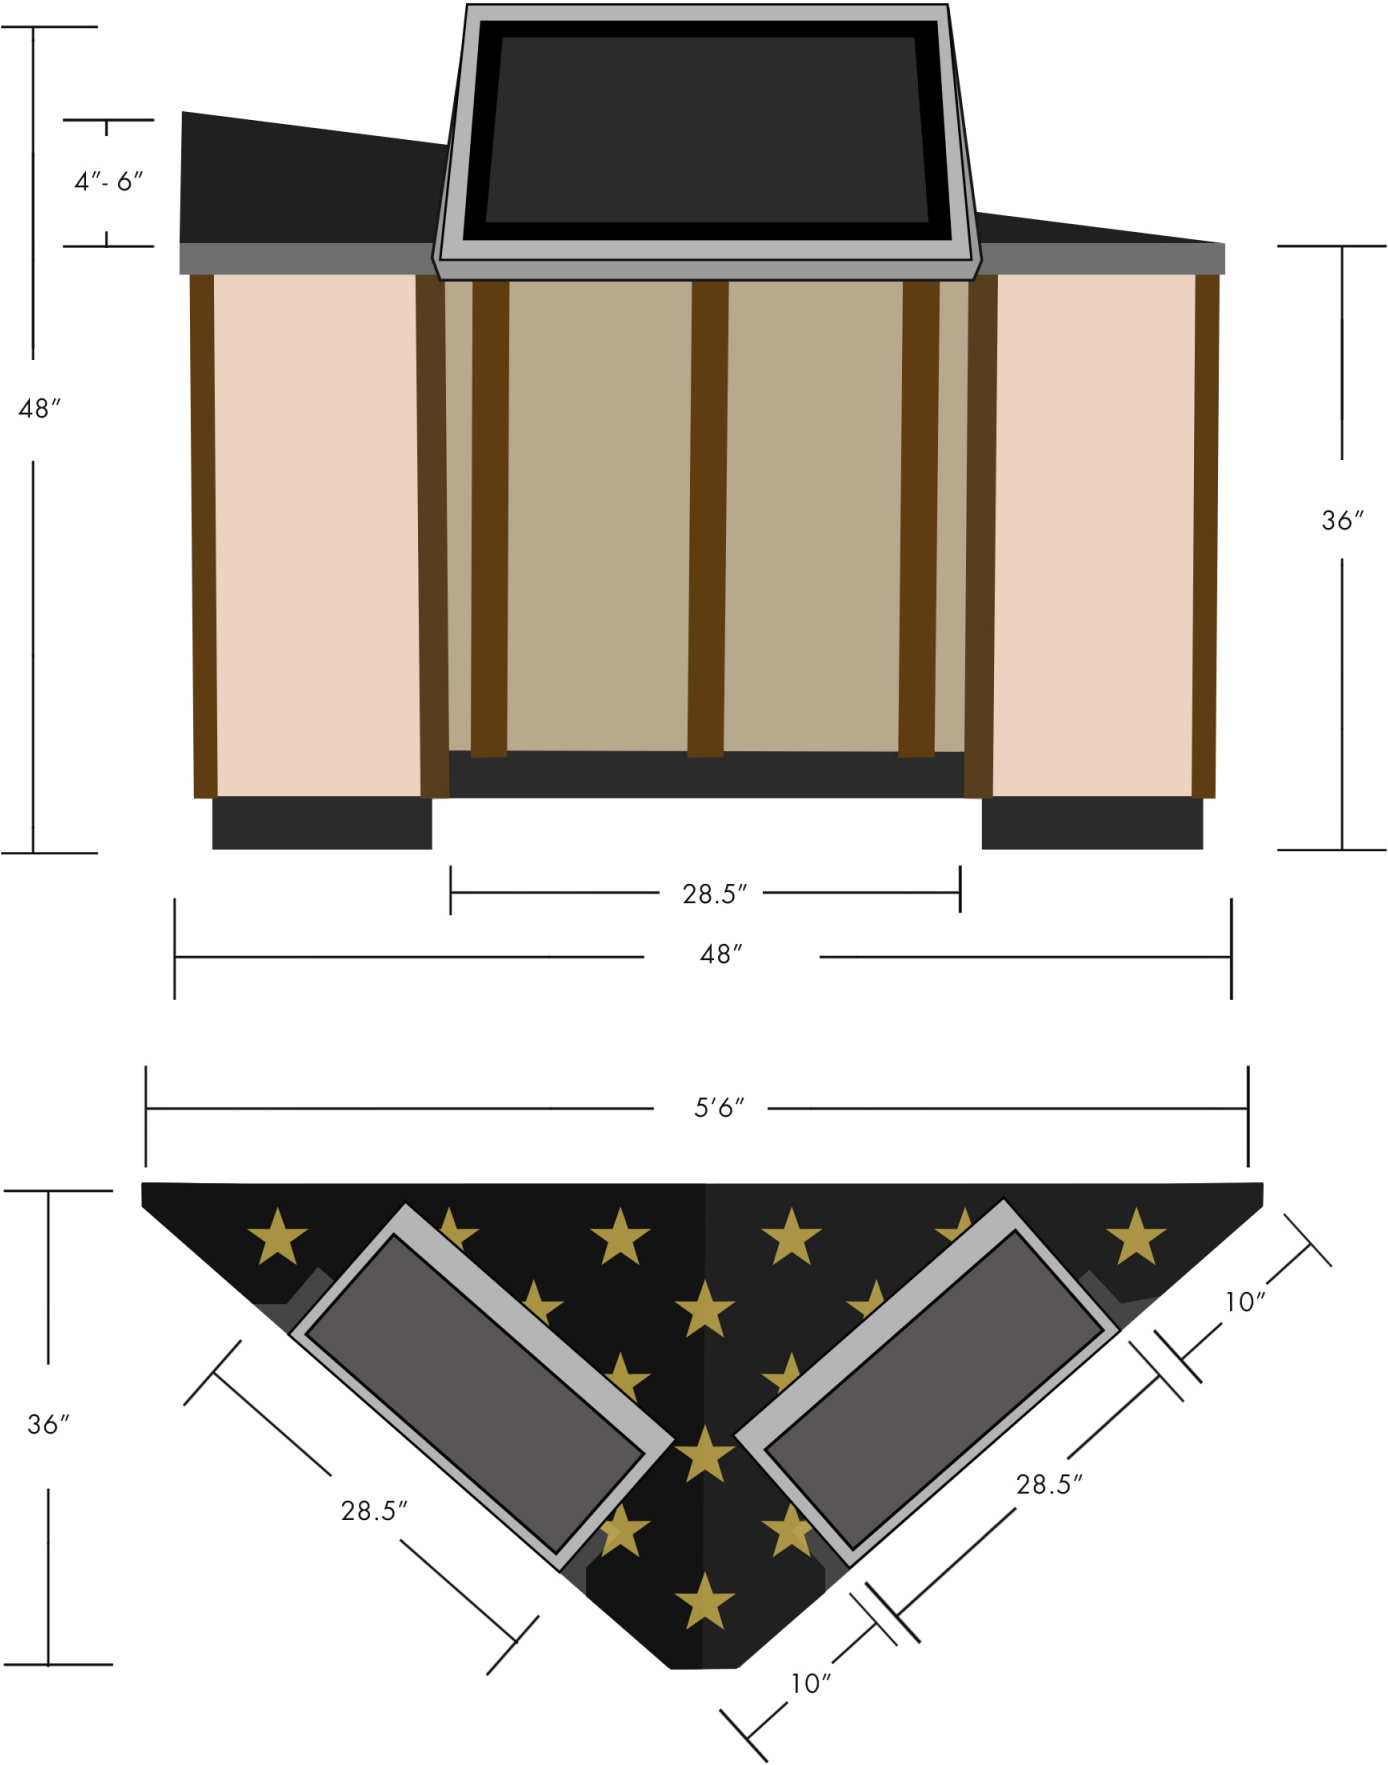

- Two inset 32" monitors.
- 28" horizontal.
- Slanted so that top is less than 48" high.
- Front aligned with front of counter.
- Utilizes appropriate kiosk stand/monitor housing, built into base.

Other Features:

- Should utilize same materials used in the rest of the memorial; Black granite top with engraved stars (or other text/graphic) and light native stone for the base.
- Triangular shaped; reminiscent of a folded american flag.
- Sloping top from 4"- 6" peak at center, adding height.
- Corners/stripes made of wood (Redwood/Cherry/Cedar) to give impression of the stripes on the flag while providing softer edges.
- Slits or grate cut into cabinet or top for speakers.
- A removable panel or other secure access to required electronics.
- Meet ADA requirements for side approach wheel chair access.
- Features undercut base that matches the size/style of the room's base strip.
- Should be securely anchored to floor or wall.

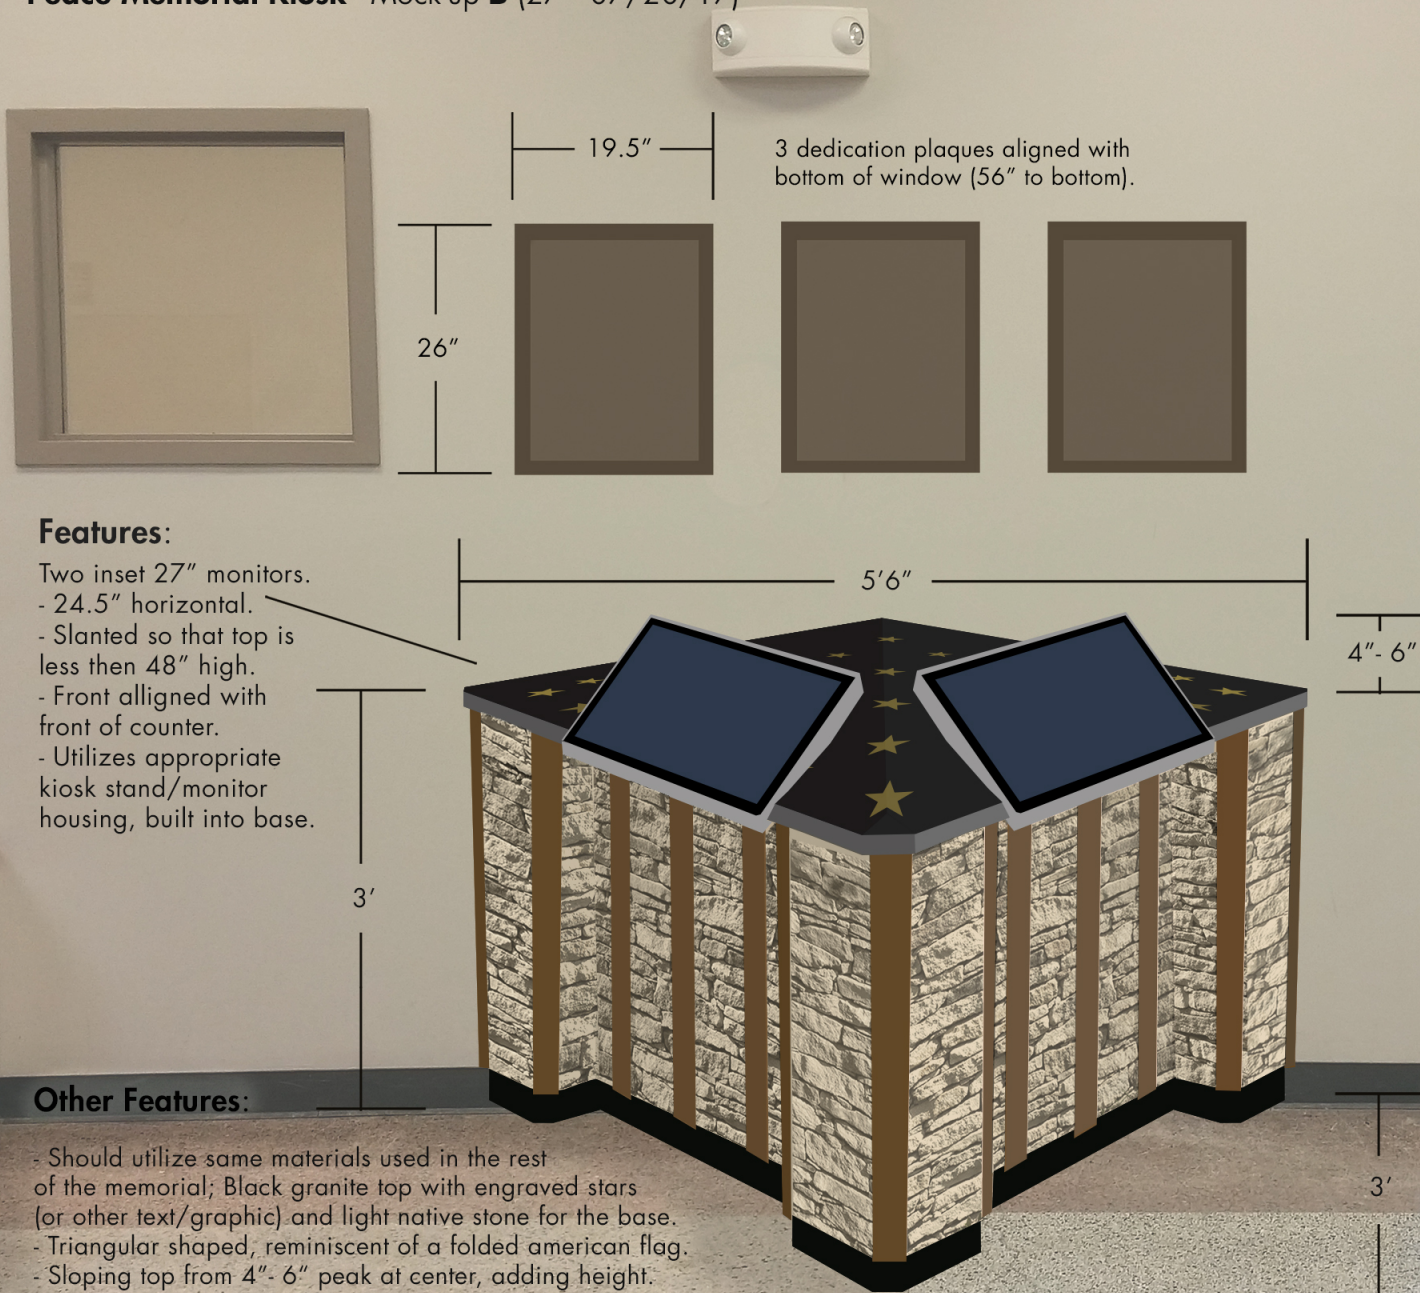

(Approximate scale/proportion)
